# Harvard Model United Nations India

---

January 15, 2018

Dear Principals, Faculty Advisers, parents, and students,

It is my pleasure to invite you to the eighth session of the Harvard Model United Nations India, to be held at the Hyderabad International Convention Centre from Sunday, August 12 to Wednesday, August 15, 2018.

Over the past seven years, HMUN India has witnessed the participation of over 8,000 high school students representing some of the best schools from over 40 cities across 20 countries. Following the success of the previous years as well as over 60 years of experience in hosting the Harvard Model United Nations for high school students from around the world in Boston, we are excited to return to India for HMUN India 2018. In partnership with our local host, MUNCafé, a brand of Worldview Education Services Pvt. Ltd, we will bring the conference to life through *sixteen dynamic committees, an exceptional array of speakers*, and the beloved tradition of vibrant *social events* such as HMUN India's Got Talent.

Since its inception, HMUN India has strived to create a community of ambitious and talented delegates from all corners of the globe who feel passionately about our future and recognize their power to mold it. HMUN India is driven by an educational mission that intends to shed light on the importance of collaboration, the art of diplomacy and the value of key skills such as research, public speaking, debate and negotiation. Above all, we hope that the lessons learned from HMUN India will inspire and empower delegates to form a voice beyond the committee room. We hope this experience will challenge students to think critically about policy and to drive change in their own communities.

The theme of this year's conference is *Act to Impact*, and we are committed to delivering a truly meaningful and inspiring experience for the eighth time in Hyderabad this year. We look forward to welcoming you in August!

Sincerely,

**Eliza R. Ennis**  
Secretary-General
